

OUR SUPPLY CHAIN POLICY

As "Tat Gıda Sanayi A.Ş. ;

- We expect our suppliers to comply with all laws, and we do not do business with those who do not.
- We work to develop sustainable supply chain practices.
- We expect our suppliers to adhere to the United Nations Universal Declaration of Human Rights, the International Labour Organization's Declaration on Fundamental Principles and Rights at Work, and the law.
- We categorically reject the use of child labor and coerced labor by our suppliers.
- We do not discriminate against our suppliers on the basis of their language, religion, or political beliefs, and we adhere to the principle of responsible purchasing.
- We ensure that the working conditions of our suppliers' employees are conducive to health and safety.
- We expect our suppliers to minimize the impact of their operations on natural resources; and ensure that they provide water and energy efficiency.
- We believe it is essential to educate our suppliers on ethical principles, natural resources, the environment, and occupational health and safety, and we conduct research in this area.
- In selecting our suppliers, we do not engage in bribery or corruption, and we avoid actions that create conflicts of interest.
- We protect our suppliers' commercially sensitive information and do not disclose it to third parties.
- We conduct periodic supplier audits and evaluate their environmental and social performance.
