<b>Explanations</b>	

At its meeting held on 03.03.2025, our Company's Board of Directors resolved to establish a wholly-owned subsidiary in the Netherlands as part of our international growth strategy. This initiative aims to accelerate the globalization of the Tat brand and enhance our export volume. The necessary applications will be submitted to the relevant authorities to complete the incorporation process.

With the establishment of this new company, we aim to provide faster and more flexible solutions to our customers in Europe, thereby improving service quality, optimizing supply chain processes, and responding more swiftly to small-scale orders. The strategic location of the Netherlands, its well-developed logistics infrastructure, and its advantageous trade conditions within the European Union are expected to contribute to strengthening our presence and increasing our export share in the European market.

Further developments regarding this matter will be disclosed to the public in accordance with related legislation.
