<b>Announcement Content</b>	
<b>Explanations</b>	

Within the scope of our sustainability strategies, our company plans to establish a Solar Power Plant (SPP) with an installed capacity of 7.3 MWe (9.90 MWp) on the treasury land numbered 101 Island 143 Parcel located in Çiçektepe village, Dinar district, Afyonkarahisar province.

In this context, as a result of the negotiations with the Dinar District Governorship National Real Estate Directorate, a right of easement valid for 29 years was established on the said land and its registration in the land registry was carried out.

The said investment is planned to be financed with long-term green transformation loans.

Important developments regarding the subject will be shared with our investors.

This statement was translated into English for informational purposes. In case of a discrepancy between the Turkish and the English versions of this disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
